

Training Questions

Date: ____/____/____

Instructor's Name: _____

ALL TERRAIN VEHICLES

1. True or False:
You should never carry a passenger on an ATV unless the ATV is specifically designed for passengers.
2. True or False:
An ATV operator uses body movements to help control the ATV, so skill, good judgment and physical strength are necessary.
3. True or False:
ATVs are designed to be ridden on paved roads.
4. True or False:
ATVs are unstable and can easily flip on uneven ground.
